PROFESSIONAL SUMMARY

Python Full Stack Developer with hands-on experience building web applications and RESTful APIs using Django, DRF, and FastAPI. Skilled in PostgreSQL, MySQL, Git/GitHub, Postman, and frontend technologies including HTML, CSS, and JavaScript. Experienced in AI-assisted development with Claude Code, GitHub Copilot, and Antigravity, with a strong focus on clean code, debugging, and delivering reliable solutions.

CORE SKILLS

Programming Languages: Python

Backend Frameworks: Django, Django REST Framework (DRF)

API Development: RESTful API design, integration, and authentication

Databases: PostgreSQL, MySQL, SQLite

Version Control: Git, GitHub

Tools & Testing: Postman, VS Code

Deployment & Testing Tools: PythonAnywhere, GitHub

AI-Assisted Development Tools: Claude Code, GitHub Copilot, Antigravity

Frontend (Basic): HTML, CSS, JavaScript

Operating Systems: Linux (basics)

Practices: Clean code, debugging, modular development, Agile basics

PROFESSIONAL EXPERIENCE

Python Full Stack Developer | Knockout System Pvt. Ltd. *September 2024 – Present* | **Kathmandu, Nepal**

Full stack developer specializing in Python, Django, Django REST Framework, PostgreSQL, HTML, CSS, JavaScript, and Bootstrap. Contribute to the development of an e-commerce web application, with a focus on clean code, performance, and user experience.

- Develop secure and scalable web applications using Python, Django, Django REST Framework, and PostgreSQL.
- Build responsive, user-friendly front-end interfaces with HTML, CSS, JavaScript, and Bootstrap.
- Design and integrate RESTful APIs covering authentication, product management, shopping cart, order management, and admin features.
- Troubleshoot and debug applications, optimize performance, and write clean, maintainable code following industry best practices.
- Collaborate with cross-functional team members to deliver high-quality software on schedule while ensuring client satisfaction.
- Leverage AI-assisted development tools such as Claude Code, GitHub Copilot, and Antigravity to accelerate coding, debugging, and overall development velocity.

Python Backend Developer Intern | Sipalaya Info Tech Pvt. Ltd. *April 2025 – July 2025* | **Koteshwor, Kathmandu**

- Assisted in developing backend components using Python and Django.
- Gained hands-on experience with CRUD operations, RESTful API development, and database management using PostgreSQL.
- Collaborated with the team using Git/GitHub for version control.
- Performed API testing using Postman and helped debug backend modules.
- Followed clean coding practices and learned Agile workflow fundamentals.

PROJECTS

E-Commerce Website — Django & REST API

- Developed a full-stack e-commerce application using Django and Django REST Framework.
- Implemented user authentication, product management, shopping cart, and order processing.
- Designed RESTful APIs for products, users, and orders, and integrated PostgreSQL/SQLite for data storage.
- Followed clean code practices and tested all APIs using Postman.

Event & Decoration Booking Platform — Django & MySQL

- Developed a full-stack event decoration and balloon booking platform using Django and MySQL.
- Built a custom admin/CMS panel for managing site content, pricing, and images without code changes.
- Designed a responsive front-end using vanilla HTML, CSS, and JavaScript with no framework dependencies.
- Focused on lightweight, optimized performance across all pages.

E-Learning Platform — Django, DRF, PostgreSQL

- Built an online learning system with course management, quizzes, and progress tracking.
- Developed REST APIs for user enrollment, course content, and assessments.
- Implemented role-based access control for students and instructors, and optimized database queries for performance.

Online Momo Ordering System — Python & Django

- Created an online food ordering platform with user registration, order placement, and order status tracking.
- Designed backend logic for secure request handling and data validation, using SQLite/PostgreSQL for storage.

Weather Web Application — REST API Integration

- Developed a Django web application integrating an external weather REST API to fetch real-time temperature, humidity, and conditions.
- Handled API responses, errors, and data validation; tested endpoints using Postman.

Healthcare Management System — Django & REST API

- Built a backend-driven healthcare management system with patient registration, appointment scheduling, and doctor management modules.
- Designed RESTful APIs for patients, doctors, and appointments, with role-based access control for admin, doctors, and patients.
- Integrated PostgreSQL/SQLite for secure data storage and implemented validation, error handling, and API testing using Postman.

EDUCATION

Bachelor of Engineering in Information Technology

July 2021 – August 2025

Pokhara University, Pokhara, Nepal

Relevant coursework: Data Structures & Algorithms, DBMS, Computer Networks, Operating Systems, Software Engineering, Web Development, Artificial Intelligence, Cloud Computing.

TRAINING

Python Backend Developer Trainee — Sipalaya Info Tech Pvt. Ltd., Kathmandu, Nepal

- Completed intensive training in Python, Django, Django REST Framework, and full-stack development fundamentals.
- Developed real-world backend projects, including authentication systems, CRUD applications, and e-commerce modules.
- Designed and implemented RESTful APIs with proper request handling and validation.
- Worked with PostgreSQL and SQLite for database management, and used Git/GitHub for version control and Postman for API testing.

CERTIFICATIONS

- Full Stack Developer – Experience Certificate — Knockout System Pvt. Ltd. (September 2026).
- Python Django Backend Development — Sipalaya Info Tech (July 2025): hands-on training in Django, DRF, REST API development, PostgreSQL, and Git/GitHub.
- HTML, CSS & JavaScript Fundamentals — freeCodeCamp.

LANGUAGES

Nepali (Native), English (Professional), Hindi (Intermediate)

INTERESTS

Coding & problem solving, exploring new technologies, traveling, music, reading tech articles, photography.
